### Rules of Play

1. **Check-in.** Teams will report to holding/waiting area.
2. **Orientation.** An orientation will be provided for all participants.
3. **Stations and Grocery Store.** Each team will be directed to a cooking/preparation station. Each team will receive an information sheet with their contest category and “key” ingredient for that category (no ingredient amounts, recipe, or instructions will be provided at the station). The “key” ingredient will be representative of one of the following categories: Appetizer, Main Dish, Side Dish, Healthy Dessert.

Teams will have access to a “grocery store” of additional ingredients which can be combined with the team’s “key” ingredient to create an original recipe/dish during the contest. The “grocery store” will include items commonly found in grocery stores such as produce, canned goods, crackers, dairy products, etc.

 Teams must select and use at least two additional items from the “grocery store” and will be provided the maximum number of items they can select during orientation. Teams will not be required to analyze cost of recipe, nor will this be included in the presentation or scoring of the contest.

4. **Resources and Instructions.** General guidelines, resources and instructions will be located at each station to assist the team.
5. **Time.** Each team will have 40 minutes to select grocery store items, prepare the dish, plan a presentation, and clean up the preparation area.
6. **Participants only.** Only participants and contest officials will be allowed in food preparation areas.
7. **Preparation** Each team will create an entire dish/recipe (not a full meal) using the provided key ingredient and grocery store items. Dishes/recipes created should include two or more servings. Teams should present the entire dish/ recipe to the judges and communicate during their presentation what an individual serving size should be. Teams will be responsible for determining the number of servings their dish provides. Teams should not create side or multiple dishes with their ingredients/pantry items.
  - a. Teams are challenged to be creative and develop an original recipe with the ingredients provided.
  - b. Teams will determine the exact amount of each ingredient used based on their original recipe.
  - c. The key ingredient and/or grocery store ingredients selected should be used to garnish the dish.
  - d. Note cards and the Food Challenge Worksheet may be used to write down the recipe that the team creates, along with notes related to nutrition, and food safety. Teams should be exact on ingredients used, preparation steps, cooking time, temperature, etc.
8. **Food and Equipment Safety.** A safe and sanitary working environment must be maintained during the contest. Each station will have food and kitchen safety resources. Teams should follow the steps listed to ensure proper food and equipment safety is followed. Judges will be scoring teams on food and equipment safety during the preparation phase of the contest. Teams should also discuss safety steps used during the presentation phase of the contest.

*Gloves: Gloves do not have to be worn throughout the contest; however, there should always be a barrier between your hand and any food touched. A barrier includes gloves and/or cooking utensil. When wearing gloves, they must be changed between handling raw meats/seafood; handling cooked items; and*

*ready to eat items or raw vegetables to prevent cross contamination.*

Hair Restraint: Each team member must wear a hat, hair net and/or other type of hair restraint during the food preparation part of the competition. Examples of acceptable hair restraints include hairnets, bandana with hair completely pulled back, Chef hat with hair restrained inside, or cap with hair completely tucked inside.

9. **Electricity.** Teams should be prepared to only plug in one piece of equipment at a time to reduce the risk of electrical malfunction. Contest officials will announce if this is necessary during participant orientation. If electricity goes out during the preparation phase of the contest, teams are asked to immediately notify their Group Leader or other contest official. Teams will be asked to turn away from the table immediately. Contest officials will stop the clock so that no preparation time is lost.
10. **Nutrition.** Each station will have a variety of nutrition resources/references. Each team should name key nutrients in their dish and their functions.
11. **Cost Analysis.** Costs analysis: Teams will not be required to analyze the cost of the recipe, nor will this be included in the presentation or scoring of the contest.
12. **Clean-up.** Teams must clean up their preparation areas. Clean-up time is included in the 40-minute preparation allotment. Teams should plan to not have access to a kitchen facility; therefore, dirty dishes should be placed in a plastic container, bag, or box to be cleaned at home. Left-over food should be disposed of properly.
13. **Hot equipment.** If you have a hot plate or other items cooling, it may be the only thing out on the table other than the food you are presenting to the judges.
14. **No talking or writing after preparation.** After time is called for the 40-minute preparation period, no talking and no writing is allowed among any team members. Team members caught talking and/or writing will receive a warning. The second time the team will be disqualified and asked to leave the contest facility. Team members should not have pens or pencils in their possession while waiting to give their presentation.

  - b. Judging time will include:
    - i. 5 minutes for the presentation
      1. \*At the end of 5 minutes, time will be called – additional time will not be allowed\*
    - ii. 3 minutes for judges' questions
    - iii. 4 minutes between team presentations for judges to score and write comments
  - c. Teams are allowed the use of note cards during the presentation, but should not read from them, as this minimizes the effectiveness of their communication.
  - d. To earn maximum points, teams must use the 5-minute presentation to address the following areas of the presentation scorecard: Knowledge of MyPlate, Nutrition Knowledge, Food Preparation, Safety Concerns, and Serving Size.
  - e. Judges will not ask questions related to what teams should have covered during the presentation. Judges questions will be related to general nutrition, health, chronic disease prevention or others relevant to food and nutrition.

17. **Finished Dishes.** Finished dishes MAY NOT leave the preparation/judging areas. Dishes must be discarded after teams complete the judging process to ensure teams in following heats do not see what ingredients are available to gain an advantage.
18. **Rankings.** Placing will be based on the rankings of teams by judges. Judges' results are final.
15. **Awards Program.** An awards program will be held after both contests have been completed. Contestants do not have to be present.
